

# Scrap Metal Collection:

to benefit the

## DAMASCUS TOWNSHIP HISTORICAL SOCIETY

Tired of scrap metal sitting around in the way?

This is your chance to RECYCLE it

and benefit the Historical Society as well.

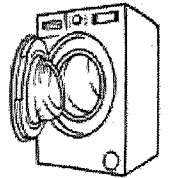

**Where** – Damascus Township Building parking lot

**When** – Saturday July 10<sup>th</sup>, 2021 from 8:30 am to 3:00 pm and

Sunday July 11<sup>th</sup>, 2021 from 12:00 noon to 3:00 pm

### **What** – All Scrap Metal Including:

Washers

Dryers

Bicycles (tires are fine)

Tin and Aluminum Cans

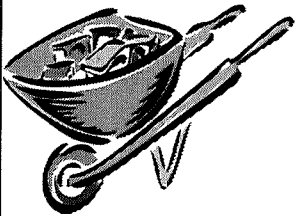

Metal Wheelbarrows (tire is fine)

Metal Swing Sets

Hot Water Heaters

Metal Rain Gutters

**Anything that is mostly metal, with NO liquids in it.**

---

## **METAL COLLECTION:**

**The list of no-no's for the container are:**

**Tires** - the ones on bikes and lawnmowers are ok but not car tires on rims. The rims are great but there is too much rubber on the car rims if the tires are on them.

**Batteries** - But they can be taken up separately to Metal Giant and they do pay a nice amount.

**Nothing with Freon** - Air Conditioners, refrigerators, freezers, dehumidifiers unless the freon has been drained out.

**Recliners** - we will only take the frame, same with a mattress/box spring. Only the metal in those.

**Anything with liquid would have to be drained out.** Such as gas and oil in mowers, snowblowers etc.

**Basically you are accepting items that are mostly metal.**
